

HARVEST RIDGE COOPERATIVE CHARTER SCHOOL
STUDENT ACCIDENTS POLICY

Although Harvest Ridge Cooperative Charter School (“HRCCS”) makes every reasonable effort to prevent student accidents and injuries, accidents occur. The Executive Director or designee shall develop procedures to ensure that first aid and/or medical attention is provided as quickly as possible and that parents/guardians are notified of accidents. Parents should be provided with expedited notification in the event of concussion or eye injury. Parents/Guardians shall maintain current student medical information (including insurance information) on file with HRCCS. HRCCS will inform parents of the availability of student accident medical insurance as applicable.

Universal precautions shall be observed whenever it is possible that students, employees or others may have contact with blood or body fluids as a result of the accident. The HRCCS staff shall appropriately report and document student accidents.

If Parents/Guardians would like a copy of the affordable care handout, please request a copy at the front office.
